

# VDE E-Race

#spaßundliebe

# Harbour Rules

- Pavilions allowed on the lawn area
- Drones allowed (not above people)
- no self-made vehicles on the street (only next to the testing area while no one is testing)
- Unload cars on the designated parking area. Don't stop on the street.
- Push your car to the dynamic area.
- Charging not open today

# Dynamics

Green Flag: Track is clear/ Startsignal

Yellow Flag: Danger on track

Red Flag: Driver has to stop immediately and has to wait for orders  
Be ready to jump out

Checkered Flag: End of Race

Blue Flag: Track is wet, cars without raintest have to stop

# Camping Rules

- Clean up your trash
  - Especially crown caps
- Trash is still not collected
  - You can bring everything to the Wertstoffhof in Schwedt
    - With external license plate it costs 87 cent per kilogram
  - Search "Wertstoffhof" on Google -> Alba Uckermark GmbH
  - Open till Saturday 12:00 -> Be there at 11:00
    - Trash collected later needs to be taken home

# Sportsmanship und Feedback

- Google Forms for
  - Sportsmanship Nomination: <https://forms.gle/ZC9jtL1T9w9UTqSc6>
  - Feedback: <https://forms.gle/hT4f7nn8hoPdRdKY7>
  
- Please provide some Input

# SUP Championship

- Join us at 14:00 at the Party tent

# Additional Acceleration

- Wet conditions
  - Target time (TBD)
  - Teams must try to get as close to the target time without running faster
- Dry Conditions
  - Start/Stop Acceleration
  - Teams run the normal 75m from a standing start and must brake within the braking box behind the finishing line, otherwise the time will be counted as DNF
- Acceleration will be held in the DV and Acceleration Slot depending on the weather, there will be 2 normals runs, 2 for additional acceleration, season 25/26 teams can decide if they want to participate in the additional acceleration
- No software support allowed ;) We want to encourage team and driver effort!
