How to Bingooo

Cross 4 fields in a row, column or diagonale → First two Bingos win a nice price

1. Put benches aside
2. Grab a sheet of paper and a pen
3. Meet people from other teams
4. When you have a Bingo: Scream BINGOOO, grab all people from your Bingo and come to the front

Important: Each person may only be named once on your entire sheet and you have to find members of other teams than your own (Alumni count as your own team)
